

Promoting and Supporting 'Evidence & Evaluation' to CCGs

CLAHRC West and West of England AHSN have developed a package of online resources and complementary workshops to support their seven Clinical Commissioning Groups (CCGs) to find and use evidence, and get started with service evaluation. This summary explains the 'what and how'.

Evidence

West of England Activity to date:

- 7 locations
- 7 CCGs
- 63 attendees
- 1 scheduled for March 17

'Finding the Evidence' Workshop

A two-hour workshop to introduce 'Evidence Works', the on-line Evidence Toolkit, and to step you through the processes of identifying and assessing evidence. Teaching, discussion and practical activities will boost your skills in finding evidence efficiently and build confidence in how to use evidence in commissioning. Topics covered include:

- *What is evidence? Recognising different types*
- *How to find and use 'Evidence Works', the online Evidence Toolkit*
- *Tips and tricks for a good evidence search (with demo)*
- *How do you know what evidence is good enough? – taste of critical appraisal*
- *What next – online Evidence Works toolkit resources and further support*

Evidence/ Works

A toolkit to support commissioning of health and care services

'Evidence Works' - www.nhsevidencetoolkit.net

Content includes: What is evidence?, Evidence Culture, Evidence cycle, Checklist, case studies, training links, further information, West of England contacts, video, FAQs and Glossary.

909 users since launch*

Evaluation

West of England activity to date:

- 5 locations
- 5 CCGs
- 51 attendees
- 2 scheduled for Feb 17

'Getting started with Evaluation' Workshop

A two-hour workshop to introduce 'Evaluation Works', the online Evaluation Toolkit, and give an overview of the five steps of evaluation. Teaching, discussion and practical activities will help you understand the evaluation process, get started with a plan and encourage you to take the next steps. Topics covered include:

- *What is evaluation and why do it?*
- *How to find and make the most of 'Evaluation Works', the online Evaluation Toolkit*
- *The 5 steps of evaluation*
- *How to define and explain the purpose of an evaluation to your stakeholders*
- *How to move forward – next steps and Evaluation Works toolkit resources*

Evaluation/ Works

A toolkit to support commissioning of health and care services

'Evaluation Works' – www.nhsevaluationtoolkit.net

Content includes: What is evaluation?, Evidence Culture, Evaluation cycle, Checklist, case studies, training links, further information, West of England contacts, videos, toolbox, top tips, FAQs and Glossary.

1,614 users since launch*
